# AN OVERVIEW OF HEMATOLOGIC MALIGNANCIES

*Christopher Mason, DQ*

Monday 9/29/2025, 2:00 pm

## OBJECTIVES :

- To understand the cell of origin for hematologic malignancies & blood disorders
- To learn about the mutations that cause blood cancers
- To learn about the treatments for different types of blood disorders

[www.nycra.net/annual-education](http://www.nycra.net/annual-education)

# UNDERSTANDING THE PATHOLOGY REPORT

*Rashna Meunier, MD*

Monday 9/29/2025, 3:00 pm

## OBJECTIVES :

- To understand how the pathologist arrives at diagnosis
- The role of pathology in cancer staging
- Components of a pathology report

[www.nycra.net/annual-education](http://www.nycra.net/annual-education)

# RECENT ADVANCES IN THE MANAGEMENT OF PANCREATIC CANCER: 2025 & BEYOND

*Frederick Greene, MD*

Tuesday 9/30/2025, 8:00 am

## OBJECTIVES :

- To describe the anatomy & presenting features of pancreatic cancer
- To describe the current treatment using neoadjuvant chemoradiation
- To describe the surgical approaches to pancreatic cancer
- To review the important data that must be captured in the registry regarding pancreatic cancer

[www.nycra.net/annual-education](http://www.nycra.net/annual-education)

# JOURNEY INTO REGISTRY 50 YEARS PERSPECTIVE

*Annette Hurlbut, RHIT, QDS*

Tuesday 9/30/2025, 9:00 am

## OBJECTIVES :

- History of Registry
- Career path options
- Standards – What are they?
- Career path options

50  
YEARS

[www.nycra.net/annual-education](http://www.nycra.net/annual-education)

# MULTIDISCIPLINARY CARE OF BREAST CANCER

*Vickie Yattaw, RN*

Tuesday 9/30/2025, 10:15 am

## OBJECTIVES :

- Increase knowledge of the different modalities for treatment
- Increase awareness of the types of services that are available
- Increase awareness on the survivorship challenges & follow-up care

[www.nycra.net/annual-education](http://www.nycra.net/annual-education)

# MASTERING AJCC STAGING: ESSENTIAL RULES FOR CANCER REGISTRARS

*Theresa Real, DDS*

Tuesday 9/30/2025, 11:15 am

## OBJECTIVES :

- Understand & accurately apply the general & site specific rules of AJCC staging for common sites
- Review clinical & pathological staging criteria & TNM categories for melanoma and lung cancer
- Special focuses on lymph node assessment, and staging elements with an umbrella category vs uncertainty

[www.nycra.net/annual-education](http://www.nycra.net/annual-education)

AJCC  
Cancer Staging  
Manual

8th Edition

# THE CRITICAL IMPORTANCE OF ACCURACY IN THE COLLECTION & INTERPRETATION OF CANCER REGISTRY DATA

*Frederick Greene, MD*

Tuesday 9/30/2025, 1:45 pm

## OBJECTIVES :

- To review the important data that may frequently reveal inaccuracies in cancer abstracts
- To outline the use of cancer data & the importance of accuracy
- To review hospital benchmarks that depend on accuracy of cancer abstracts

[www.nycra.net/annual-education](http://www.nycra.net/annual-education)

# THE POSITIVE IMPACT OF REHABILITATION CARE

*Lisa Touse, PT*

Tuesday 9/30/2025, 2:45 pm

## OBJECTIVES :

- To understand the specialty services that Rehab can provide & how they can positively impact the patient's functional status & outcomes with early intervention, ongoing monitoring & collaboration with medical team

[www.nycra.net/annual-education](http://www.nycra.net/annual-education)

# STRATEGIES FOR TRANSLATING RADIATION SUMMARIES TO PROPER STORE CODES

*Theodore Williamson, MD*

Tuesday 9/30/2025, 3:45 pm

## OBJECTIVES :

- To add tools to your kit for coding radiation
- To put challenges in perspective beginning with a history of radiation codes, from the "Yellow Book" to today's store
- Explore the ultimate uses & importance of the data you provide to NCDB, focusing on troubling areas

# UPDATES IN OVARIAN CANCER

*Michael Cohen, MD*

Wednesday 10/1/2025, 8:00 am

## OBJECTIVES :

- Review basic anatomy & pathophysiology of ovarian malignancies
- Review basics of anatomy & staging in ovarian malignancies
- Discuss implications of staging on treatment & management in ovarian cancer
- Review recent advances in ovarian cancer

[www.nycra.net/annual-education](http://www.nycra.net/annual-education)

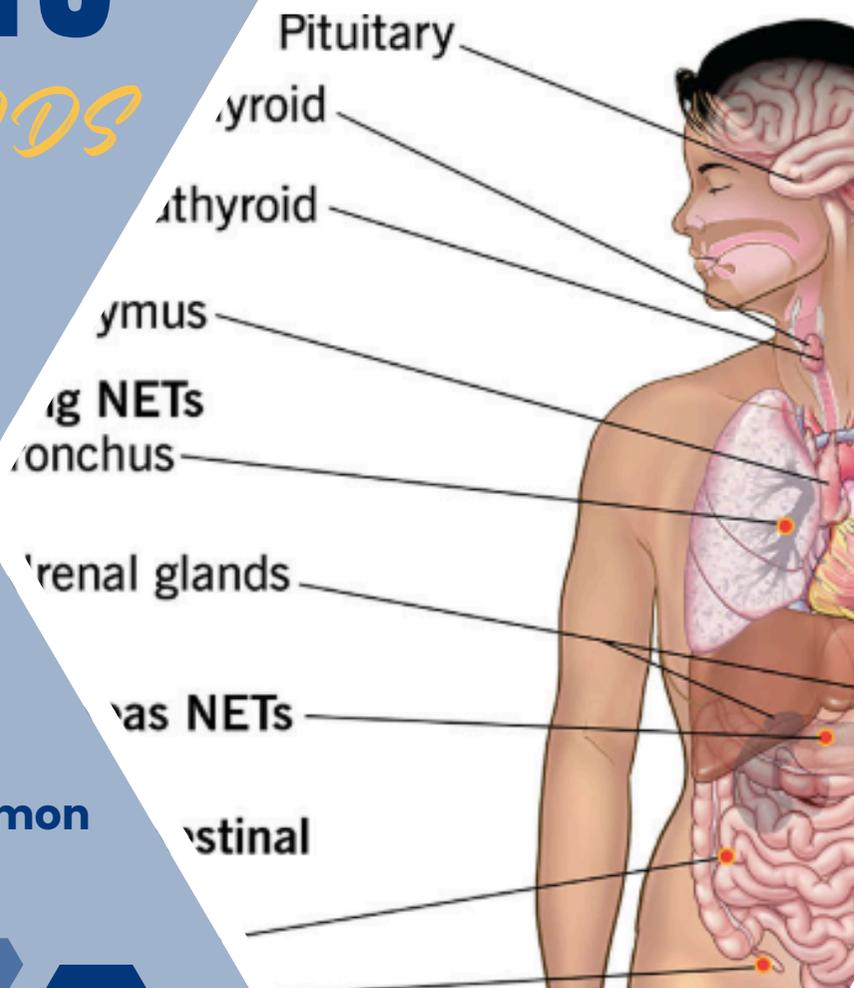

# ALL ABOUT NETS

*Denise Harrison, BS, DDS*

Wednesday 10/1/2025, 9:00 am

## OBJECTIVES :

- Highlight AJCC, EOD, & Summary Stage changes between 8<sup>th</sup> edition & v9 for NET of multiple sites including Stomach, Pancreas, Duodenum, Ampulla of Vater, Ileum, Jejunum, Appendix, and Colon & Rectum
- Discuss the Ki-67 SSDI, which is common to all the GI NET schemas
- Outline histopathologic types based on WHO 5<sup>th</sup> Ed.
- Delineate various prognostic tumor characteristics & non-tumor factors

[www.nycra.net/annual-education](http://www.nycra.net/annual-education)

# WHAT HAPPENS TO YOUR CANCER CASES AFTER YOU CLICK THE SUBMIT BUTTON?

## THE JOURNEY FROM ABSTRACTION TO A FINAL NY INCIDENT CANCER CASE

*April Austin, MS*

Wednesday 10/1/2025, 10:15 am

### OBJECTIVES :

- Describe NYS Cancer Registry Gatekeeper submission tool
- Understand flow of accepted abstracts into NYSCR's database management system
- Understand the work of NYSCR staff & the importance of supportive text in abstracts
- Identify other activities performed by NYSCR staff to improve information

[www.nycra.net/annual-education](http://www.nycra.net/annual-education)

# LUNG CANCER 2025

*Denise Harrison, BS, QDS*

Wednesday 10/1/2025, 11:15 am

## OBJECTIVES :

- Review the anatomy of the lung & its regional nodes
- Discuss & assign AJCC TNM categories & prognostic stage group, including the four presentations of multifocal lung cancer & how those are staged
- Explain & assign the Site Specific Data Items & Grade fields, SEER Summary Stage 2018, & EOD fields, including changes for v9

[www.nycra.net/annual-education](http://www.nycra.net/annual-education)
